

When you arrive at the zoo, please park in the C Lot and come to the Komodo Kingdom Education Entrance for check-in. When you drive through the parking gate, you will see a driveway that curves down to the right; follow this driveway past retention ponds on your right and bamboo on your left. You will then enter C Lot. Please park your car there. The Komodo Kingdom Education Entrance can be found at the far end of the lot. Please go to double-glass doors and ring bell on left side to be let in.
